Senator Truman Charges Standard Oil Holding Vital Information

### COMMITTEEMEN ARE IRKED

Arnold Says New Jersey Firm Refused Requests Even After Jap Raid

WASHINGTON, March 27 — Assistant Attorney General Thurman Arnold today gave the Senate defense committee evidence showing that Standard Oil of New Jersey helped design a German aviation gasoline plant just before war broke out in 1939 and cooperated in Adolf Hitler's program.

Arnold, continuing to unfold relations of Standard with the German Chemical Trust, I. G. Farbenindustrie, on rubber and other vital materials, also depicted Standard's relation with Italy and Japan.

WASHINGTON, March 27 — Sen. Harry S. Truman (D) Mo., chairman of the Senate defense committee, charged today that the Standard Oil company of New Jersey is withholding practical information on manufacture of synthetic rubber from the government, even though the corporation has yielded vital patents.

"They are still holding the 'know-how' in the making of synthetic rubber, but we are going to get it before we are through with our investigation of the rubber situation," Truman declared.

Assistant Attorney General Thurman Arnold, however, said that the anti-trust decree entered against Standard Oil this week assured delivery of information necessary for operators of the big synthetic rubber plants to be built by the government to make rubber successfully.

Arnold was recalled by the Truman committee today to elaborate on his recital of the agreement between Standard and I. G. Farbenindustrie of Germany, under which synthetic rubber patents were controlled.

His testimony brought these developments:

Sen. Ball (R) Minn., committee member, said he would demand explanations of Standard's failure to inform officials of the American government after they learned that Farbenindustrie had given all vital synthetic rubber information to the German government.

**Information Refused**

Standard charged that Standard was willing to make its butyl patent on rubber generally available only because company officials learned that the committee intended to investigate the matter. Arnold told the committee (Continued on Page Three)

# RAF Attacks Ruhr Objectives

## HOLLAND BASES, GHENT REFINERY HIT BY BOMBS

Formation Of Nazi Planes Turned Back Trying To Attack England

### GERMAN CONVOY STRUCK

Major Conflict Reported In Malta Area; Divebombers Beaten By Spitfires

LONDON, March 27 — A formation of German planes attempting to attack England was reported intercepted by the RAF over the southeast coast this afternoon following a new series of British raids on industrial targets in the Ruhr valley.

A force of aircraft hidden in a haze and flying at a great altitude was heard at Folkestone, approaching from the French coast. As the planes reached the English side they turned back toward the sea and great bursts of cannon fire were heard.

Meanwhile, the air ministry announced that objectives in the Ruhr were heavily bombed, while attacks also were made by bombers and fighters on airfields in Holland as well as an oil refinery near Ghent and the docks at La Haye.

The War department made public Homma's presence on Bataan January 22, and 46 days later his death was reported following a long list of military set backs. Fresh from victories over the British at Singapore, Yamashita's arrival on Bataan was announced 19 days ago.

Since he took command, however, Yamashita has made little progress against Lieut. Gen. Jonathan M. Wainwright and must step up his operations to avoid chalking up the same ignominious record that Homma made against Gen. Douglas MacArthur.

This may be the reason behind (Continued on Page Three)

## Yamashita Must Whip Yanks Soon

Successor To Gen. Homma On Bataan Has 27 Days To Oust Americans

WASHINGTON, March 27 — Within a month from today, Gen. Tomoyuki Yamashita must crush or capture the American-Filipino defenders of Bataan and Corregidor or suffer the same "loss of face" that promoted his predecessor, Lieut. Gen. Masaharu Homma to commit hara-kiri.

Based on the length of time Homma is known to have been in charge of the Japanese forces in the Philippines before he committed suicide, Yamashita, conqueror of Singapore, now has 27 days in which to win or acknowledge he could do no better than the man he succeeded.

The War department made public Homma's presence on Bataan January 22, and 46 days later his death was reported following a long list of military set backs. Fresh from victories over the British at Singapore, Yamashita's arrival on Bataan was announced 19 days ago.

## WIFE OF JAMES SAMPSON DIES AT AGE OF 27

Mrs. Erma Catherine Sampson, 27, wife of James Sampson, 486 East Franklin street, died Thursday at 8:45 p. m. in Berger Hospital during a major operation. She had entered the hospital two hours earlier.

Her death came as a shock to her host of friends in Circleville and in Washington township. Mrs. Sampson being born in the latter township January 30, 1915, a daughter of Mr. and Mrs. Monroe Valentine. She married James Sampson, March 28, 1937.

Surviving in addition to her husband and parents is a sister, Miss Edith, of Columbus.

The funeral will be Monday at 3 p. m. in the Presbyterian church, the Rev. Robert T. Kelsey officiating. Burial will be in Forest cemetery by M. S. Rinehart. The body will be at the Sampson home after 6 p. m. Saturday.

**DRUNK AUTOIST CHARGED WITH SOLDIER'S DEATH**

BERGENFIELD, N. J., March 27—Charles Mordaunt, 35, of Englewood, N. J., was held on a charge of manslaughter today after his automobile skidded into a column of marching soldiers, killing one and injuring 12 others.

Police charge Mordaunt was intoxicated at the time of the accident, which occurred shortly after the soldiers left the 104th engineers armory in Teaneck at 8:30 last night. More than 100 soldiers were in the column under command of Capt. Paul Snyder.

They proceeded behind an Army truck and police said Mordaunt's car swung around the truck and into the column of marching men. "I saw bodies flying in every direction," one witness said.

Hundreds of residents rushed to the scene and offered aid. Private Murray Winawer of the Bronx, the only fatality, died after being taken to Englewood hospital.

## WAR WORKERS SPEED UP TO BLACKOUT HERR HITLER

This is one of the gigantic scoreboards suggested for plants in war work by the War Production Board. The squares are interchanged and as the factory speeds toward its production goal the gigantic figure of wildly ranting Hitler is gradually blacked out. When the production goal is reached, the image of Der Fuehrer will have vanished, his loud mouth effectively closed.

## GHANDI, CRIPPS START CONFAB

No One Attends Important Indian Leader As He Arrives To Talk

NEW DELHI, March 27—Without a single attendant and clad in his characteristic simple garb of white, Mohandas K. Gandhi came to the residence of Sir Stafford Cripps today to discuss the terms on which his millions of followers will aid Great Britain in the war effort.

It was the most momentous chapter of Cripps' delicate mission.

The wizened little old man to whom countless millions look for guidance in peace as well as war traveled to New Delhi from his (Continued on Page Three)

## AUSTRALIA PUTS NORTHERN AREA ON WAR FOOTING

CANBERRA, March 27—While the dauntless war birds of the United Nations air forces lashed out anew at enemy shipping, the Australian government today moved toward an all-out war footing by placing the entire northern territory of the island continent under military control.

Whether the move was recommended by Gen. Douglas MacArthur was not disclosed, but observers regarded it as significant that the order was issued less than 24 hours after the United Nations southwest Pacific commander had outlined his program for defense of the continent and an eventual offensive against Japan to the Australian war council.

Previously, only a few coastal areas in the northern territory had been under military control. The all-inclusive order was regarded as a move to give General MacArthur a free hand in his efforts to mobilize the manpower and resources of Australia to the highest peak of efficiency for the battles to come.

The current bill provides \$17,375,959,445 for the Army and \$820,751,500 for the Navy, with more than half of the total earmarked for planes and ground equipment for aircraft. It also calls for a million-man Navy in a year, as compared with 411,000 officers and men now in the service and a maximum of 500,000 in World War I.

Archbishop Schrembs ill CLEVELAND, March 27—Archbishop Joseph Schrembs, head of the Cleveland Catholic diocese, today received the last sacraments in St. John's hospital, where he is critically ill with a heart attack. Bishop Schrembs, who was 76 last March 12, has been in poor health for more than a year.

## QUEZON ARRIVES IN AUSTRALIA

President Of Philippine Commonwealth To Work With MacArthur

MELBOURNE, March 27—Dapper Manuel Luis Quezon, president of the Philippine commonwealth, has followed the daring precedent of Gen. Douglas MacArthur and negotiated the perilous trip from beleaguered Bataan to Australia to rejoin the United Nations southwest Pacific commander.

General MacArthur's headquarters announced today that Quezon, accompanied by his immediate family and his war cabinet had arrived safely in Australia, and would continue to exercise the functions of his government in close association with MacArthur, just as he had done in the Philippines.

Quezon's arrival in the island continent was significant both for its own sake and because it spiked (Continued on Page Three)

## HEAVY ATTACKS FAIL TO BREAK CHINESE LINES

LONDON, March 27—Repeated heavy Japanese attacks on the vital town of Toungoo in central Burma were repulsed, according to reports reaching London today, and the defending Chinese expeditionary force has destroyed a large part of the town in order to provide a clear line of fire.

Meanwhile, two strong Chinese columns took the initiative in the northeast, moving across the borders of Thailand toward Tangwaw and Heienghong today. They were believed to be driving on the town of Chiangmai in northern Thailand, strong enemy-held base of air and land operations, Chungking districts said.

Toungoo was surrounded, but the Chinese general commanding its defense declared that "the situation is well in hand." However, the Japanese air menace was growing as the amazing AVG and RAF pilots were frequently outnumbered five to one.

Affected were 46 wholesale produce houses at two large markets which supply food to small grocery stores as well as to hospitals and other large purchasers, including the naval training station at the Ford Motor company.

The teamsters are members of an AFL local whose contract with the produce merchants expired yesterday. A tentative contract was rejected by the union members earlier in the week.

Benjamin V. Unwin, a union official, said the teamsters seek wage increases.

Tomorrow will be regular collection day for The Daily Herald carriers. Please have your change ready.

## SPY, SABOTAGE RING BROKEN UP BY 111 ARRESTS

Nipponese Admiral, German Colonel Among Suspects Placed In Camp

### BIG RADIOS CONFISCATED

Messages Concerning Ship Movements From Port Of Rio Are Found

RIO DE JANEIRO, March 27—With a total of 111 axis nationals, including a Japanese admiral and a German colonel, already under arrest, the government of Brazil moved swiftly today to stamp out a Nazi-Fascist spy and sabotage network extending throughout the country.

Announcing the arrests, Police Chief Filinto Mueller indicated that new raids on suspected axis strong points even in the most isolated sections of Brazil would be forthcoming and will continue until every last vestige of the widespread underground organization has been wiped out.

The Japanese admiral taken into custody and lodged with other suspects on the island of Ilha Das Flores in Guanabara bay near Rio De Janeiro, had been found working as a farmer in the interior of Brazil, while the unidentified Nazi colonel maintained offices in the state of Sao Paulo, fully equipped with a powerful radio station, mounds of propaganda and the inevitable Swastika flags and armbands.

Well-informed observers in Rio De Janeiro said that when Mueller's investigation is completed and all suspects rounded up, there will probably be disclosed a full-fledged plot to seize Brazil on behalf of Hitler without a shot being fired.

Even the preliminary announcements made thus far by Chief Mueller disclose the detailed plans made by axis agents to undermine this largest of all South American nations.

Painstaking watch was kept by police officials on all suspects since the day the United States was plunged into war and among their discoveries was a short-wave radio station with a range of 12,000 miles, in operation only a few blocks from the palace of President Getulio Vargas.

**Big Station Watched**

This station had been watched for some time and when it became firmly established that the operator was broadcasting regularly, presumably direct to the Reichs-chancellery in Berlin or the offices of Propaganda Minister Paul Joseph Goebbels, it was seized and everyone concerned placed under arrest.

CANBERRA, March 27—Major Gen. Thomas A. Blamey, commander-in-chief of the Australian forces in the middle east, has returned to Australia to become commander-in-chief of United Nations land forces on the island continent, Army Minister Francis Forde announced.

Major General Morshead, the defender of Tobruk, was appointed general officer commanding the Australian imperial forces in the middle east. A portion of the A. I. F. in the middle east has returned to Australia, Forde disclosed.

DETROIT'S FRESH FRUIT, VEGETABLE SUPPLIES HIT

DETROIT, March 27—Charles Levine, the first passenger ever to be carried on a trans-Atlantic airplane flight, today faced a possible maximum penalty of \$1,000 fine or two years in prison, or both, for conspiring to smuggle a German alien into the United States.

He was convicted yesterday in federal court after government attorneys charged he helped Edgar Schinek, a German refugee, to enter the United States from Mexico for a fee of \$40. He will be sentenced April 20. His attorney contended Levine helped Schinek out of sympathy and not for money.

## RAF Attacks Ruhr Objectives

### HOLLAND BASES, GHENT REFINERY HIT BY BOMBS

Formation Of Nazi Planes Turned Back Trying To Attack England

### GERMAN CONVOY STRUCK

Major Conflict Reported In Malta Area; Divebombers Beaten By Spitfires

LONDON, March 27 — A formation of German planes attempting to attack England was reported intercepted by the RAF over the southeast coast this afternoon following a new series of British raids on industrial targets in the Ruhr valley.

A force of aircraft hidden in a haze and flying at a great altitude was heard at Folkestone, approaching from the French coast. As the planes reached the English side they turned back toward the sea and great bursts of cannon fire were heard.

Meanwhile, the air ministry announced that objectives in the Ruhr were heavily bombed, while attacks also were made by bombers and fighters on airfields in Holland as well as an oil refinery near Ghent and the docks at La Havre.

Convoys Blasted

Planes of the coastal command operating at low levels bombed a convoy off the Friesian islands, hitting a medium-sized supply ship. Thirteen bombers are missing from all operations, it was announced 19 days ago.

The RAF continued its heavy assaults yesterday by bombing enemy shipping in the vicinity of the occupied channel port of Le Havre and destroying eight German fighter planes in the process. Two British fighters and one bomber were missing after the raid.

German bombers attempted to retaliate by crossing the channel for the fourth straight night to drop lethal cargoes on an undisclosed area on northeastern England, but no damage or casualties were reported and two of the Nazi raiders were reported shot down.

The Luftwaffe also ran into a warm reception in its latest attempts to destroy the strategic British Mediterranean island of Malta. In a dispatch from Valletta, Exchange Telegraph reported that the Nazi bombers assaulted Malta's grand harbor three times yesterday, the first attack being the largest single raid since the present series of mass attacks began.

Waves of Junkers divebombers participated in the attack and British Spitfire fighters succeeded in bringing down four of them and damaging four others. Exchange Telegraph said. There were a few civilian casualties (Continued on Page Three)

## OCCUPATIONAL QUESTIONNAIRE TO BE ISSUED

Men Who Registered For  
Draft February 16 To  
Receive Papers

### INFORMATION IS SOUGHT

Plan Shouldn't Be Confused  
With Regular Form Sent  
Out By Boards

Dissemination by the Selective Service system of a four-page occupational questionnaire, designed to obtain for the government full information on the vocational background of men who registered February 16 under the Selective Training and Service Act, was announced Friday. These questionnaires have not yet been made available to Ohio state headquarters, but on receipt will be furnished to, and distributed by local boards.

The data obtained will be forwarded, through state directors of Selective Service, for use by the national roster of scientific and specialized personnel in locating persons with certain professional and scientific qualifications and by the United States employment service for locating persons having skills in essential occupations.

The questionnaire has no connection with the regular questionnaire Form 40 which is sent to all Selective Service registrants to obtain information on which classification for possible military service is based.

#### Statement Issued

In announcing distribution of the questionnaire, national headquarters said:

The Selective Service system has been designated to make an occupational inventory of all persons now or hereafter registered under the Selective Training and Service Act of 1940, as amended, with the exception of those who have been inducted into the armed forces. The purpose of this inventory is to obtain information on the present employment activities of registrants and on their other skills or abilities. The data gathered will serve as an important aid in achieving a more complete and efficient utilization of the manpower of the country in connection with the war production program outlined by the PPS.

At the present time, the occupational questionnaire will be sent only to registrants of the third registration. Later it will be sent to registrants of the first and second registrations and of future registrations.

#### RUFF HEADS BUREAU

Herbert Ruff of near Amanda has been elected president of the Fairfield county Farm Bureau for another year.

### At Revival Services

A mass revival meeting will be held at East Ringgold United Brethren church Sunday afternoon, beginning at 2:30 o'clock with the Kutch sisters of Lebanon, Pa., presenting an all musical program. Revival services at the church will continue throughout next week. Rev. O. F. Gibbs, pastor of the church, is in charge.

## Pickaway Farmers Asked To Save Rubber Articles

An appeal to farmers to conserve all rubber articles was made Friday by John G. Boggs, chairman of the County War Board.

Rubber is used in large quantities on the farm, the war board chairman pointed out. In addition to tires and tubes for farm implements, cars and trucks, farm uses of rubber include belting and shock-proofing; valves, gaskets and washers for pumps and water systems; installation of wiring for lighting and other electric installations; hose for the garden, the dairy, spray rigs, air pumps and compressors; personal articles of comfort and convenience such as boots, overshoes, coats and hats; fruit jar rings

Oil and grease are harmful to rubber. Inflation and other rubber parts in milking machines should be rinsed in cold water immediately after use. They should be washed thoroughly in hot water containing a mild alkaline washing powder in solution and should not be left in the hot water any longer than necessary. They should be sterilized before use.

Here are eight suggestions released from the Pickaway county War Board on how to make your tires last longer:

1. Eliminate high speeds; 2. Inflate tires weekly to recommended levels; 3. Don't stop short or make "jack-rabbit" starts; 4. Avoid striking curbs, road holes, rocks etc.; 5. Check wheel alignment twice a year; 6. Repair all cuts, leaks, breaks promptly; 7. Change wheel position every 5,000 miles; 8. Always get the tire size made to fit the rim of your car.

# OCCUPATIONAL QUESTIONNAIRE TO BE ISSUED

Men Who Registered For  
Draft February 16 To  
Receive Papers

## INFORMATION IS SOUGHT

Plan Shouldn't Be Confused  
With Regular Form Sent  
Out By Boards

Dissemination by the Selective Service system of a four-page occupational questionnaire, designed to obtain for the government full information on the vocational background of men who registered February 16 under the Selective Training and Service Act, was announced Friday. These questionnaires have not yet been made available to Ohio state headquarters, but on receipt will be furnished to, and distributed by local boards.

The data obtained will be forwarded, through state directors of Selective Service, for use by the national roster of scientific and specialized personnel in locating persons with certain professional and scientific qualifications and by the United States employment service for locating persons having skills in essential occupations.

The questionnaire has no connection with the regular questionnaire Form 40 which is sent to all Selective Service registrants to obtain information on which classification for possible military service is based.

### Statement Issued

In announcing distribution of the questionnaire, national headquarters said:

"The Selective Service system has been designed to make an occupational inventory of all persons now or hereafter registered under the Selective Training and Service Act of 1940, as amended, with the exception of those who have been inducted into the armed forces. The purpose of this inventory is to obtain information on the present employment activities of registrants and on their other skills or abilities. The data gathered will serve as an important aid in achieving a more complete and efficient utilization of the manpower of the country in connection with the war production program outlined by the 'PRESIDENT.'

At the present time, the occupational questionnaire will be sent only to registrants of the third registration. Later it will be sent to registrants of the first and second registrations and of future registrations.

### RUFF HEADS BUREAU

Herbert Ruff of near Amanda has been elected president of the Fairfield county Farm Bureau for another year.

## At Revival Services

A mass revival meeting will be held at East Ringgold United Brethren church Sunday afternoon, beginning at 2:30 o'clock with the Kutch sisters of Lebanon, Pa., presenting an all musical program. Revival services at the church will continue throughout next week. Rev. O. F. Gibbs, pastor of the church, is in charge.

## Pickaway Farmers Asked To Save Rubber Articles

An appeal to farmers to conserve all rubber articles was made Friday by John G. Boggs, chairman of the County War Board.

Rubber is used in large quantities on the farm, the war board chairman pointed out. In addition to tires and tubes for farm implements, cars and trucks, farm uses of rubber include belting and shock-proofing; valves, gaskets and washers for pumps and water systems; installation of wiring for lighting and other electric installations; hose for the garden, the dairy, spray rigs, air pumps and compressors; personal articles of comfort and convenience such as boots, overshoes, coats and hats; fruit jar rings

air through the tubes.

## Church Briefs

Special revival services will be  
given at the Shaderville Methodist  
church Easter Sunday night and  
continue for two weeks, conduct-  
ed by the pastor, the Rev. Ernest  
D. Bartlett.

Special revival services are be-  
ing conducted each evening this  
week and next at the Ashville  
United Brethren church under the  
direction of the pastor, the Rev.  
O. W. Smith. Evangelists are the  
Rev. and Mrs. D. V. Snyder and  
services start at 8 p. m.

"Present Your Bodies" will be  
the baptismal sermon delivered by  
the Rev. D. V. Whitenack at the  
Mt. Pleasant Methodist church  
Sunday morning. Persons attend-  
ing the service will be given an op-  
portunity to be baptized or to  
unite with the church.

The Rev. and Mrs. Ward Cra-  
mer of Columbus presented a mu-  
sical program at the South Bloom-  
field Methodist church last week.

## MEL-LO-PEAT

### A Wonderful Soil Builder

Mel-lo Peat contains 96% or-  
ganic humus, alive with bac-  
teria containing 2% nitrogen,  
some phosphate, potash, lime  
and magnesia which nature  
supplies—nothing is added to  
this wonderful soil-builder which  
is mined deep down below the  
weed seed growth. It absorbs and holds fifteen times  
its weight in water, thus acting  
as a reservoir at the plant  
root.

Mel-lo Peat mingles clay,  
binds sandy soils and mixes  
with other soils. It is a lover  
of creeping bent, they thrive in  
it. Being hammered prepared  
it is easily worked over the  
finest of grasses and down  
into the roots, making a soil  
sponge to breathe. It promotes quick  
growth and prolongs the bloom.  
It is not a moss peat but a  
sedge peat—therefore making it  
a wonderful soilbuilder.

## SPY, SABOTAGE RING BROKEN UP BY 111 ARRESTS

Nipponese Admiral, German Colonel Among Suspects Placed In Camp

(Continued from Page One) a German who entered Brazil in 1922 and who had been under constant surveillance since early this year.

Kemper's chief radio "expert" was identified by Mueller as Niels Christien Christensen, a Swede by birth who adopted German citizenship. When his home in a fashionable district was raided, police found a radio transmitter, two receiving sets, a compass and other material.

Also on hand were 11 messages prepared for transmission to Germany. All pertained to movement of ships from the port of Rio.

Police investigations proved that Christensen was "coordinator and director" of German propaganda in Brazil and had used his transmitter as a clearing point for news received from other countries, including the United States.

Christensen was said to have admitted mounting his transmitter with funds received from Germany and with the aid of Hans Muth, director of the German Telefunken communications company in Brazil.

Another helper was identified as Beno Sobisch, who died recently under mysterious circumstances which are now under police investigation.

### Other Stations Grabbed

Two smaller radio stations also were discovered, one belonging to a Hungarian named Elmer Nagy and the other to Rudolf Elbhorn, a German citizen attached to the Hungarian legation.

The arrest of Christensen and Kemper were said to have "crumpled" the Nazi spy organization, but many minor cogs in the wheel of espionage remain to be apprehended.

## RUSSIANS HALT GERMAN THRUST IN FAR NORTH

MOSCOW, March 27 — Red armies in the northern Leningrad area have scored a great victory and have advanced eight miles along the whole front, the Moscow radio announced today.

Meanwhile the defending Soviet forces repulsed with heavy loss a terrific German air attack on the Soviet Arctic port of Murmansk, in which more than 100 Nazi planes attempted to knock out this important point of entry for American and British war supplies, the Tass news agency said.

Eleven German bombers were shot down and two damaged by anti-aircraft batteries and Red army fighter planes, the account said, as the Nazis sent over three waves of bombers and fighter escorts. The big raid occurred Tuesday, it was reported.

In the new offensive in the Leningrad area, four fortified villages were recaptured by the Russians, the announcement said.

The late communiqué issued here Thursday said no important change has taken place in Wednesday's fighting, but 11 German planes were destroyed while the Russians lost six in air battles along the entire front.

## JAPS CONTINUE HEAVY ASSAULT IN MANILA BAY

WASHINGTON, March 27 — Japanese bombers continued their terrific pounding of Corregidor today as the War department indicated that the enemy is preparing for an all-out assault on Bataan.

Stepping up their attacks with night raids, Japanese bombers zoomed over Corregidor fortress for the fourth successive day, but the War department reported in a communiqué that little damage was done and that most of the missiles fell harmlessly into Manila bay.

The communiqué stated that seven successive attacks were made on Corregidor during the last 24 hours and that yesterday the island was bombed "almost continuously from early morning to midnight."

## WAR LABOR BOARD WOULD SUSPEND FOUR WORKERS

CLEVELAND, March 27 — Four union shop stewards, responsible for a slow-down which resulted in a 30 percent drop in war production at the Cleveland plant of the Aluminum Company of America, were recommended discharged by the War Labor Board.

The slow-down, which arose from a wage dispute between members of the Mine, Mill and Smelter Workers Union (CIO) and the company, forced the laying-off of several hundred workers in the foundry division and the delay of shipments to war plants.

## Mainly About People

ONE MINUTE PULPIT Wherever the carcass is, there will the eagles be gathered together.—St. Matthew 24:28.

Miss Jane Mader has been removed to the home of her parents, Mr. and Mrs. John Mader, East Main street, from White Cross hospital, Columbus, where she had been for some time for observation and treatment.

With but few exceptions prices on flowers will be no higher than usual. In some cases they are even lower than last year at Bremer's.—ad.

Twenty-six farmers of Pickaway county have asked the local office of the United States employment service for immediate farm help, according to H. J. Merz, stationed at the local office.

## GHANDI, CRIPPS START CONFAB

(Continued from Page One) home at Wardha aboard a train so crowded that rather than discommode anyone else he made his quarters in the ice compartment.

For his hour and a half interview with Sir Stafford, he was right on time. As his car drove up to the residency, the British envoy came down the steps and opened the door for him.

"How are you?" Cripps asked. "Very well, and I am glad to see you," the Indian holy man replied.

As Gandhi entered the house he observed the large and expectant crowd of newspapermen and photographers. With his usual smile he said:

"I see you have quite a big staff."

"They are just cameramen," Cripps replied.

Both men seemed in good spirits and although their long conference was merely a preliminary in the lengthy negotiations Cripps faces in his effort to obtain 100 percent military cooperation from this sprawling dependency of the empire, the general atmosphere seemed favorable.

## BIG SYNTHETIC RUBBER PATENT DISPUTE RAGING

Senator Truman Charges Standard Oil Holding Vital Information

(Continued from Page One) that Standard refused to give the government this patent even after Pearl Harbor.

Sen. Bone (D) Wash., announced that hearings will open April 13 on a bill giving the President complete control over patents in time of war.

Sen. Brewster (R) Me., said he would seek to determine whether the synthetic rubber plants to be built by the government will be turned over to a monopoly after the war.

Truman said that W. S. Faris, president, and Frank Howard, officials of Standard, had "begged" for a chance to tell their story. He said they would be called to the stand next Tuesday.

The cartel agreement between Standard and the German firm, he said, was designed to assure world control after the war. He charged that international cartels constituted an "invisible government" which defied international relationships of the existing governments.

Standard, in agreeing to withhold patents, wanted to be in a position to do business if Hitler won the war," Truman said.

Truman saw a ray of hope in the rubber situation. He said experts had informed him that synthetic rubber can be made for seven to 15 cents a pound with Standard patents as against a pre-war raw rubber cost of 16 to 18 cents.

## FRENCH LEADER ESCAPES BOMB, RADIO REPORTS

(Continued from Page One) that Standard was merely a preliminary in the lengthy negotiations Cripps faces in his effort to obtain 100 percent military cooperation from this sprawling dependency of the empire, the general atmosphere seemed favorable.

Both men seemed in good spirits and although their long conference was merely a preliminary in the lengthy negotiations Cripps faces in his effort to obtain 100 percent military cooperation from this sprawling dependency of the empire, the general atmosphere seemed favorable.

The bomb "bounced off Deat's waistcoat and dropped to the floor," DNB said. According to the Nazi agency, he picked up the bomb, extinguished the fuse, handed the bomb to a policeman and continued his speech.

For two weeks after Yamashita took over, there was little activity on Bataan, but plenty of evidence that the Japanese were planning another major drive. Meanwhile, MacArthur had been transferred to Australia as supreme commander of the United Nations forces.

Then last Sunday Yamashita arrogantly called on Wainwright to surrender, but the latter, like MacArthur, didn't bother to reply. Large scale aerial attacks and sharp skirmishes on Bataan followed almost immediately.

Formerly a newspaper editor, Deat has long been Laval's press liaison man.

## FOOD, MEDICAL SUPPLIES FOR GREEKS ON WAY

NEW YORK, March 27 — With a large Red Cross under its name, the motorship Sicilia left today with food and medical supplies for starving, conquered people of Greece.

The ship has been granted a "safe conduct" by Germany and Italy.

In the cargo are 50,000 bags of flour, 500,000 concentrated vitamin tablets and ten tons of medicines and medical supplies. They were contributed by the American Red Cross, the Greek War Relief association and the Medical and Surgical Relief.

The outcome of the Sicilia's mission will guide further policy in attempting to aid the Greek people.

## Flies for Britain

Helen Richey

## QUEZON ARRIVES IN AUSTRALIA

(Continued from Page One) simultaneously a series of Japanese rumors which variously listed the islands' president as pneumonia casualty and a "purge" victim by order of General MacArthur himself. The Jap reports obviously were "feelers" put out with the hope of gaining accurate information as to Quezon's whereabouts, observers agreed.

Details of the Quezon party's journey were released immediately, but it was anticipated that when they were given out they would include thrilling episodes approaching those experienced by General MacArthur and his troupe.

It was presumed that the Philippine commonwealth war cabinet would be incorporated into the United Nations southwest of MacArthur's headquarters.

President Quezon came to Australia with the full approval of the American and Australian governments.

MacArthur's headquarters said.

"Since the beginning of the war, Mr. Quezon exercised the functions of his government in close association with General MacArthur at the general's headquarters. This arrangement is being continued."

Quezon thus will rejoin the American military expert he once named field marshal of the Philippine army in a precedent-shattering move. The two men have been very close friends for years, drawn together by their joint realization of the need for adequate defense of the island commonwealth.

When General MacArthur became convinced that Manila could not be held a few weeks after the start of the Pacific war, he ordered Quezon to transfer his government from the capital city—and the commonwealth president obeyed by taking his aides to the general's headquarters on Bataan peninsula.

The Philippine government operated in closest conjunction with MacArthur during the battles of Bataan and Corregidor, when the American-Filipino defenders fought so brilliantly under the general's direction.

Subsequently the Japanese launched

## SPY, SABOTAGE RING BROKEN UP BY 111 ARRESTS

Nipponese Admiral, German Colonel Among Suspects Placed In Camp

(Continued from Page One) a German who entered Brazil in 1923 and who had been under constant surveillance since early this year.

Kemper's chief radio "expert" was identified by Mueller as Niels Christian Christensen, a Swede by birth who adopted German citizenship. When his home in a fashionable district was raided, police found a radio transmitter, two receiving sets, a compass and other material.

Also on hand were 11 messages prepared for transmission to Germany. All pertained to movement of ships from the port of Rio.

Police investigations proved that Christensen was "coordinator and director" of German propaganda in Brazil and had used his transmitter as a clearing point for news received from other countries, including the United States.

Christensen was said to have admitted mounting his transmitter with funds received from Germany and with the aid of Hans Muth, director of the German Telefunken communications company in Brazil.

Another helper was identified as Beno Sobisch, who died recently under mysterious circumstances which are now under police investigation.

### Other Stations Grabbed

Two smaller radio stations also were discovered, one belonging to a Hungarian named Elmer Nagy and the other to Rudolf Einhorn, a German citizen attached to the Hungarian legation.

The arrest of Christensen and Kemper were said to have "crumpled" the Nazi spy organization, but many minor cogs in the wheel of espionage remain to be apprehended.

## RUSSIANS HALT GERMAN THRUST IN FAR NORTH

MOSCOW, March 27 — Red armies in the northern Leningrad area have scored a great victory and have advanced eight miles along the whole front, the Moscow radio announced today.

Meanwhile the defending Soviet forces repulsed with heavy loss a terrific German air attack on the Soviet Arctic port of Murmansk, in which more than 100 Nazi planes attempted to knock out this important point of entry for American and British war supplies, the Tass news agency said.

Eleven German bombers were shot down and two damaged by anti-aircraft batteries and Red army fighter planes, the account said, as the Nazis sent over three waves of bombers and fighter escorts. The big raid occurred Tuesday, it was reported.

In the new offensive in the Leningrad area four fortified villages were recaptured by the Russians, the announcement said.

The late communiqué issued here Thursday said no important change has taken place in Wednesday's fighting, but 11 German planes were destroyed while the Russians lost six in air battles along the entire front.

## JAPS CONTINUE HEAVY ASSAULT IN MANILA BAY

WASHINGTON, March 27 — Japanese bombers continued their terrific pounding of Corregidor during the day as the War department indicated that the enemy is preparing for an all-out assault on Bataan.

Stepping up their attacks with night raids, Japanese bombers zoomed over Corregidor fortress for the fourth successive day, but the War department reported in a communiqué that little damage was done and that most of the missiles fell harmlessly into Manila bay.

The communiqué stated that seven successive attacks were made on Corregidor during the last 24 hours and that yesterday the island was bombed "almost continuously from early morning to midnight."

## WAR LABOR BOARD WOULD SUSPEND FOUR WORKERS

CLEVELAND, March 27 — Four union shop stewards, responsible for a slow-down which resulted in a 30 percent drop in war production at the Cleveland plant of the Aluminum Company of America, were recommended discharged by the War Labor Board.

The slow-down, which arose from a wage dispute between members of the Mine, Mill and Smelter Workers Union (CIO) and the company, forced the laying-off of several hundred workers in the foundry division and the delay of shipments to war plants.

## Mainly About People

ONE MINUTE PULPIT  
Wheresoever the carcass is, there will the eagles be gathered together.—St. Matthew 24:28.

Miss Jane Mader has been removed to the home of her parents, Mr. and Mrs. John Mader, East Main street, from White Cross hospital, Columbus, where she had been for some time for observation and treatment.

With but few exceptions prices on flowers will be no higher than usual. In some cases they are even lower than last year at Bremen's.

Twenty-six farmers of Pickaway county have asked the local office of the United States employment service for immediate farm help, according to H. J. Merz, stationed at the local office.

## GHANDI, CRIPPS START CONFAB

(Continued from Page One) home at Wardha aboard a train so crowded that rather than discommod anyone else he made his quarters in the ice compartment.

For his hour and a half interview with Sir Stafford, he was right on time. As his car drove up to the residency, the British envoy came down the steps and opened the door for him.

"How are you?" Cripps asked. "Very well, and I am glad to see you," the Indian holy man replied.

As Gandhi entered the house he observed the large and expectant crowd of newspapermen and photographers. With his usual snaggle-tooth smile he said:

"I see you have quite a big staff."

"They are just cameramen," Cripps replied.

Both men seemed in good spirits and although their long conference was merely a preliminary in the lengthy negotiations Cripps faces in his effort to obtain 100 percent military cooperation from this sprawling dependency of the empire, the general atmosphere seemed favorable.

## FRENCH LEADER ESCAPES BOMB, RADIO REPORTS

This dispatch was sent from an enemy country, whose motive in sending news is likely to be propaganda. Axis claims should be credited only when confirmed by American or Allied sources.

LONDON, March 27 — A bomb was thrown at Marcel Deat, French political leader, while he was addressing a meeting in Paris last night, but it failed to explode and Deat was uninjured, the German radio quoted DNB as disclosing today in a broadcast picked up in London.

DNE, the official German news agency, gave no further details of the incident, the broadcast said.

The bomb "bounced off Deat's waistcoat and dropped to the floor," DNB said. According to the Nazi agency, he picked up the missile, extinguished the fuse, handed the bomb to a policeman and continued his speech.

Deat, France's leading collaborationist who led an anti-Bolshevik legion to Germany to fight side by side with the Nazis against Russia, has been an assassin's target. He was wounded at Versailles some months ago when a young Frenchman fired at him and at Pierre Laval during a review of French legionnaires being sent to service in Russia.

Formerly a newspaper editor, Deat has long been Laval's press liaison man.

## BIG SYNTHETIC RUBBER PATENT DISPUTE RAGING

Senator Truman Charges Standard Oil Holding Vital Information

(Continued from Page One) that Standard refused to give the government this patent even after Pearl Harbor.

Sen. Bone (D) Wash., announced that hearings will open April 13 on a bill giving the President complete control over patents in time of war.

Sen. Brewster (R) Me., said he would seek to determine whether the synthetic rubber plants to be built by the government will be turned over to a monopoly after the war.

Truman said that W. S. Faris, president, and Frank Howard, officials of Standard, had "begged" for a chance to tell their story. He said they would be called to the stand next Tuesday.

The cartier agreement between Standard and the German firm, he said, was designed to assure world control after the war. He charged that international cartels constituted an "invisible government" which defied international relationships of the existing governments.

"Standard, in agreeing to withhold patents, wanted to be in a position to do business if Hitler won the war," Truman said.

Truman saw a ray of hope in the rubber situation. He said experts had informed him that synthetic rubber can be made for seven to 15 cents a pound with Standard patents as against a present raw rubber cost of 16 to 18 cents.

Parallels Drawn

War department communiques paint a strange parallel between Homma's strategy and Yamashita's.

Homma's presence on Bataan was disclosed a few days after waves of as many as 60 bombers attempted for nearly two weeks to knock out the artillery and anti-aircraft batteries on Corregidor.

Certain of victory, Homma called on MacArthur to surrender January 30, an ultimatum which the American commander spurned with defiant silence. Homma then urged the Filipino soldiers under MacArthur to surrender because they already were "cornered to the doom."

Subsequently the Japanese launched a series of vicious land attacks with some success only to have MacArthur's forces counter with blows of their own which finally halted the enemy and brought a long lull in land fighting.

For two weeks after Yamashita took over, there was little activity on Bataan, but plenty of evidence that the Japanese were planning another major drive. Meanwhile, MacArthur had been transferred to Australia as supreme commander of the United Nations forces.

Then last Sunday Yamashita arrogantly called on Wainwright to surrender, but the latter, like MacArthur, didn't bother to reply. Large scale aerial attacks and sharp skirmishes on Bataan followed almost immediately.

### TO LOCAL DRAFT BOARD

**FRIENDS:** In enumerating the volunteer organizations which have made contributions to America's preparation for defense against the aggressor nations, many of us are likely to overlook the local draft boards which have handled the tremendous task of enrolling the man power of the nation for service in the armed forces. These boards are made up of loyal conscientious citizens who have volunteered their services for this essential and difficult task. These volunteers were the first to accept service in the government in preparation for the World War. They handled the first registration of Army draftees on October 16, 1940 and they have been on duty ever since. Without thought of compensation they have devoted countless hours of time to the duty of their positions; often at considerable personal expense and with loss of time from their own business or profession. They have been faithful to their pledges of loyalty and fair to the men who have registered under their direction. They have listened to and investigated claims for exemption and have been just in their actions relating to exemption and deferment. To the members of the draft boards America owes a debt of gratitude and appreciation for faithful work well done. They rank among the first volunteers of the war. They have performed a difficult task loyally and efficiently. Our own community has been fortunate in having had the service of a board the members of which have put national welfare above all personal considerations and have devoted their energy to faithful conduct of the affairs of the nation.

### TO ALL OF US

**FOLK:** We're all in the Army now, although many of us don't realize it yet. And the men in the factories are as important as the man in the training camps. Perhaps more so, for without the guns and tanks and war materials of a hundred kinds that they produce, there could be no Army. Men cannot fight with their bare fists. Soldiers today require immensely more in the way of military tools than they ever did before. War has really become an industrial operation, a gigantic enterprise in which the tools are blast furnaces, rolling mills, assembly plants, shipyards and airplane factories. When the millions of men now engaged in the production of arms and armament really grasp the power and responsibility in their hands, the

## WORLD AT A GLANCE . . . . .

—By—  
Charles P. Stewart

NAZI AND Jap treachery naturally is resented by the United Nationalists for all they are worth when it's directed their way, but there are observers among them who remark that it may yet prove an extremely valuable thing if the Axis folk get to playing it on one another. Some prophets believe perhaps before very long they are pretty likely to do just that.

I don't suppose anybody doubts that the Japs are the warpath when they did for the sake of what they calculated they could win for themselves in the midst of the general confusion and not on account of the slightest inclination to help the rest of the Axis or that they'd hesitate to dump Herr Hitler in a minute if they considered it a bit advantageous to do so. It equally is a foregone conclusion that Adolf doesn't care a hoot for the Japs except as he can use them for his personal benefit.

Now there begin to be signs that Nazi and Jap interests are starting to diverge.

The Fuehrer obviously deems it urgently necessary for his forces to get the Russians off their hands this spring. They distract him like

sixty from attending to his other

fronts and it stands to reason that his desperately anxious to make quick work of them. Spring weather probably will be somewhat helpful to him, but it will be a heap more helpful if the Japs will jump them from their point of the compass at the same time.

Hence the huge promises it's revealed that he has been making to them, if they'll wade in—Siberia, Alaska, all the Pacific Oceanica, India and its environs and the bulk of Africa, and later a crack, in partnership with himself, at the whole of the western hemisphere.

It's imaginable, though, that the Japs may question that he can deliver the goods.

Furthermore, supposing that, with their assistance, which evidently he imperatively needs, or he wouldn't be prepared to pay so much for it, he finally is in a position to make delivery—will he keep his word? Or will he elect to hang onto the entire loot, forcing the Japs to fight him, in turn, to get their split, if they can lick him? And that would be problematical, too. They don't trust him, of course, any farther than a man could throw a bullet by the tail—any more than he trusts them.

The Japs would be glad to grab Siberia isn't disputed or that it'll be disposed to fight Russia for it, but at its individual convenience—not Herr Hitler's.

It has been doing unpleasantly (from the United Nations' standpoint) well for itself thus far in Burma, Thailand, the Philippines, the Dutch East Indies and down

that Axis can disintegrate yet.

### TO LOCAL DRAFT BOARD

**FRIENDS:** In enumerating the volunteer organizations which have made contributions to America's preparation for defense against the aggressor nations, many of us are likely to overlook the local draft boards which have handled the tremendous task of enrolling the man power of the nation for service in the armed forces. These boards are made up of loyal conscientious citizens who have volunteered their services for this essential and difficult task. These volunteers were the first to accept service in the government in preparation for the World War. They handled the first registration of Army draftees on October 16, 1940 and they have been on duty ever since. Without thought of compensation they have devoted countless hours of time to the duty of their positions; often at considerable personal expense and with loss of time from their own business or profession. They have been faithful to their pledges of loyalty and fair to the men who have registered under their direction. They have listened to and investigated claims for exemption and have been just in their actions relating to exemption and deferment. To the members of the draft boards America owes a debt of gratitude and appreciation for faithful work well done. They rank among the first volunteers of the war. They have performed a difficult task loyally and efficiently. Our own community has been fortunate in having had the service of a board the members of which have put national welfare above all personal considerations and have devoted their energy to faithful conduct of the affairs of the nation.

CIRCUISTER.

### TO JUNIOR CHAMBER OF COMMERCE

**YOUNG MEN:** You were almost as surprised as the Senior chamber to see such a large turnout at Tuesday night's meeting and the enthusiasm you showed indicates that you are sincere in your desire to form a Junior Chamber of Commerce. There are many things to be done in Circleville and certainly no organization should be better able to find them than an alert body of young business men. Not only will your programs be of great help to the community, but your experience as members of the Junior chamber will train you for active participation in the Senior organization.

CIRCUISTER.

**TO PUMPKIN SHOW CHIEFS**  
**DIRECTORS:** You have voted to hold the Pumpkin Show again this fall if it is at all possible. Your action will be greeted with approval by many Pickaway county folk, and especially by those boys and girls of the 4-H clubs who have no State Fair to which they may take their livestock this year. Rural boys and girls annually look forward to bringing their steers, pigs, sheep and other livestock to the Pumpkin Show and many of them already have purchased their animals and are caring for them with the expectation of bringing them to Circleville in October. This year you will be confronted with many problems which you never have faced before and the war makes many things connected with the show uncertain. However, your determination to have the event will give every one a new hope that our social order may not be drastically disrupted by the war effort.

CIRCUISTER.

### TO SPRING CLEANERS

**FOLK:** With warm weather coming on many of you will be cleaning your yards and burning the dry grass and rubbish and some of you who live on farms will be cleaning and burning your fence rows. There is much dry grass on the ground now and unless a rubbish fire is watched, it may spread rapidly, especially if it is blown along by strong winds such as those we have been having recently. Last week the fire department was called to Forest Cemetery to extinguish a fire there, which although it caused no damage might have spread to an adjoining building had it not been stopped. If you haven't time to watch a rubbish or grass fire, it is better not to start it at all.

CIRCUISTER.

They don't trust him, of course, any farther than a man could throw a bullet by the tail—any more than they are infatuated with pride.

The Japs need to be understood. They are of two kinds. There is a civilian statesmanship, which is sensible and fairly decent. The Samurai, or militarists, are nutty—suicidal, if they consider it necessary. Pooch-pooing that element is a mistake. It honestly exists.

It has been doing unpleasantly (from the United Nations' standpoint) well for itself thus far in Burma, Thailand, the Philippines, the Dutch East Indies and down

Adolf Hitler

toward Australasia. "What's the matter?" asks Jap ex-War Minister Seishiro Itagaki (a general and a big man), "with consolidating our conquests where we've made 'em, regardless of taking on a lot of fresh contracts in Fuehrer Adolf's behalf?"

Hence the huge promises it's revealed that he has been making to them, if they'll wade in—Siberia, Alaska, all the Pacific Oceanica, India and its environs and the bulk of Africa, and later a crack, in partnership with himself, to the whole of the western hemisphere.

It's imaginable, though, that the Japs may question that he can deliver the goods.

Furthermore, supposing that, with their assistance, which evidently he imperatively needs, or he wouldn't be prepared to pay so

much for it, he finally is in a position to make delivery—will he keep his word? Or will he elect to hang onto the entire loot, forcing the Japs to fight him, in turn, to get their split, if they can lick him? And that would be problematic, too. They don't trust him, of course, any farther than a man could throw a bullet by the tail—any more than they are infatuated with pride.

The Japs need to be understood. They are of two kinds. There is a civilian statesmanship, which is sensible and fairly decent. The Samurai, or militarists, are nutty—suicidal, if they consider it necessary. Pooch-pooing that element is a mistake. It honestly exists.

It has been doing unpleasantly (from the United Nations' stand-

point) well for itself thus far in Burma, Thailand, the Philippines, the Dutch East Indies and down

that they could win for themselves in the midst of the general confusion and not on account of the slightest inclination to help the rest of the Axis or that they'd hesitate to dump Herr Hitler in a minute if they considered it a bit advantageous to do so. It equally is a foregone conclusion that Adolf doesn't care a hoot for the Japs except as he can use them for his personal benefit.

Now, there begin to be signs that Nazi and Jap interests are starting to diverge.

The Fuehrer obviously deems it urgently necessary for his forces to get the Russians off their hands this spring. They distract him like

sixty from attending to his personal benefit.

That Axis can disintegrate yet.

immense part they are playing in this all-out war of civilization against savagery, there will be no stopping them, and no stopping their nation and its allies. Vulcan, rather than Mars, is the god of this war, and the smoke of his smithy, roar of his bellows and ring of his sledge-hammer rise now above all other sounds. That is, above all sounds except those of the thunder and lightning, where our fighting men get into the realm of Olympian Jove himself. There our war-workers provide the gods' sky-chariots for war above the clouds and the hurling of thunderbolts that Nature can hardly match. Many of the workers, especially the younger men and the girls fresh from high school, may think of these things as they tend their machines.

CIRCUISTER.

### TO JUNIOR CHAMBER OF COMMERCE

**YOUNG MEN:** You were almost as surprised as the Senior chamber to see such a large turnout at Tuesday night's meeting and the enthusiasm you showed indicates that you are sincere in your desire to form a Junior Chamber of Commerce. There are many things to be done in Circleville and certainly no organization should be better able to find them than an alert body of young business men. Not only will your programs be of great help to the community, but your experience as members of the Junior chamber will train you for active participation in the Senior organization.

CIRCUISTER.

### TO PUMPKIN SHOW CHIEFS

**DIRECTORS:** You have voted to hold the Pumpkin Show again this fall if it is at all possible. Your action will be greeted with approval by many Pickaway county folk, and especially by those boys and girls of the 4-H clubs who have no State Fair to which they may take their livestock this year. Rural boys and girls annually look forward to bringing their steers, pigs, sheep and other livestock to the Pumpkin Show and many of them already have purchased their animals and are caring for them with the expectation of bringing them to Circleville in October. This year you will be confronted with many problems which you never have faced before and the war makes many things connected with the show uncertain. However, your determination to have the event will give every one a new hope that our social order may not be drastically disrupted by the war effort.

CIRCUISTER.

### TO SPRING CLEANERS

**FOLK:** With warm weather coming on many of you will be cleaning your yards and burning the dry grass and rubbish and some of you who live on farms will be cleaning and burning your fence rows. There is much dry grass on the ground now and unless a rubbish fire is watched, it may spread rapidly, especially if it is blown along by strong winds such as those we have been having recently. Last week the fire department was called to Forest Cemetery to extinguish a fire there, which although it caused no damage might have spread to an adjoining building had it not been stopped. If you haven't time to watch a rubbish or grass fire, it is better not to start it at all.

## Young Woman Scientist Shows Doctor Is Wrong

By LOGAN CLENDENING, M. D.

IT APPEARS that not long ago this column pulled a boner, and not ever having posed as being omniscient, it wishes hereby to acknowledge the boner and make a correction.

I was asked the question whether it was healthy to allow plants to

Dr. Clendening will answer questions of general interest only, and then only through his column.

remain in the bedroom at night, since it was a general belief that they should be removed. My reply was that with some people certain plants caused allergic symptoms, especially primrose, but that otherwise I saw no reason why they should be unhealthy since plant inspiration was the opposite of ours and the plants gave off oxygen and took in carbon dioxide while we took in oxygen and gave off carbon dioxide.

Glad To Be Set Right

I stand corrected by the courtesy of Miss Jane Baker, of the science class at the Gabriel High School, Grosse Pointe, Michigan. She writes me: "Your answer didn't make clear that during sunlight hours green plants use carbon dioxide and sunlight to make their food or chlorophyll; this process being photosynthesis. However, at night plants carry on respiration using oxygen and exhaling carbon dioxide as we do. Isn't this the important reason for taking out plants from patients' rooms? It seems to me, if the plants presented allergic stimuli, they would be kept out of the room permanently."

Miss Baker is entirely right and I am very grateful to her. I confess I did not know this fact about the day and night inspiration of plants at all. I feel very much as did Dr. Johnson when somebody asked him why he made a boner in one of the definitions in his dictionary. He replied, "Ignorance, Madam, pure ignorance."

Voluntary Goose Flesh

The following question was sent by a reader:

"I have read of a man who is able voluntarily to make the small hairs on his arms stand up. Is this possible?"

Answer: It is generally believed that the artificial, synthetic chemical products such as Kayquinone tablets which contain Vitamin K are better than the natural foods which contain it, such as the grasses and green vegetables. The amount of Vitamin K which is needed depends upon the level of prothrombin in the blood and this can only be determined by a laboratory test, so it is unwise to take it except under a doctor's care.

Each hair has a small muscle attached to it in such a fashion that when the muscle contracts the hair stands up. In common parlance, goose flesh. The action is involuntary and the muscle is of the kind that is called involuntary or not under the control of the will. Still, in certain animals the action is voluntary—for instance, the cockatoo can raise the feathers on top of its head, and the mechanism is the same.

One actual case in man is recorded. Dr. Donald D. Lindsay showed a motion picture before the American Psychological Association which showed a man who

### LENTEN REDUCING DIET

## Tuxis Club Meets, Makes Hayride, Election Plans

Forty At Session  
• Thursday Eve  
In Church

Forty members and guests attended the Tuxis club session Thursday in the social room of the Presbyterian church, the meeting being one of the finest in the history of the organization. Membership in the club includes young people of the high school age.

"Praying That Did Something" was the topic discussed by the members under the leadership of Rev. Robert T. Kelsey, club adviser.

Miss Lois Madison, president, led the business session during which plans were made for a hayride for Sunday, April 19. The annual election of officers was announced for the next session, April 2, with nominees from the floor. The group also made plans for a scavenger hunt for later in the spring.

Miss Carolyn Herrmann, Miss Eleanor Weaver, Paul Siegwald and Glen Pearce were named on the committee for the next meeting.

Various games were enjoyed during the evening which was concluded with light refreshments served by Miss Eleanor Beck, Miss Monna Lee Hanley, David Yates and George Helwagen.

**Bridge Club**

Mrs. Orion King and Mrs. Tom Gilliland held high scores in the games of contract bridge when Mrs. Tom R. Burke entertained the club at her home on North Pickaway street.

Two tables of players progressed during the evening. Confetti were served at the card tables.

**Cave-Bushee**

The marriage of Miss Edith Elmer Bushee, daughter of Mr. and Mrs. Homer Bushee, Amanda, to Private Robert William Cave, son of Mr. and Mrs. Arthur Cave, Stoutsburg, has just been announced. The Rev. P. B. Hoff of the Central Lutheran church of Tacoma, Wash., performed the ceremony in the church March 19 at 2 p.m.

There were no attendants at the wedding.

The bride is a graduate of Amanda high school in the class of 1939.

Mr. Cave, a 1937 graduate of Stoutsburg high school, is stationed with the 186th Infantry of the Forty-first Division in Tacoma.

After a short stay in Tacoma, Mrs. Cave will return to Ohio.

**Papyrus Club**

A small group attended the regular meeting of the Papyrus club Thursday at the home of Mrs. Marion Lutz of North Court street.

An original poem by Mrs. Lutz and an original article by Mrs. E. O. Crites were read during the program.

An informal discussion of original poems in the spring issue of the magazine, "Vistas", edited by the Rev. L. C. Sherburne, concluded the evening.

**Mrs. Gordon Hostess**

Mrs. Lawrence Goeller and Mrs. C. Dee Early were guests in addition to members of her two-table bridge club when Mrs. Ben Gordon entertained Thursday at her home on Northbridge road.

Prize winners in the progressive games were Mrs. Leonard Snodgrass and Mrs. Gordon.

A salad course was served at the card tables.

**Business Women's Club**

An informal program of readings by club members marked the dinner meeting of the Business and Professional Women's club Thursday in the club rooms of Masonic temple.

The routine business meeting was conducted by Mrs. Joe Work, president. Mrs. Harry Stevenson, Mrs. Marie Moreshauer and Miss Elma Rains were named as a committee for the next Defense meeting of the club, which will be April 2.

**U. B. Aid Society**

Twenty-four members and visitors attended the Thursday meeting of the Ladies' Aid society of the United Brethren church in the community house. Mrs. William Clegg conducted the devotions and the business hour.

Mrs. Sam Hawks read the scripture lesson from St. Luke 9, after the opening hymn.

Arrangements were made to serve dinner for the Ministerial Pension conference to be held April 6 at the church.

The program arranged by Mrs. Edward Milliron included readings, "Love Crosses the Line", by Mrs. Ed. McLaren, "Leaving Jesus", by Mrs. A. H. Morris, and "The Sea of Life", by Mrs. E. S. Neuding. The concluding number was a vocal duet, "Alone", by Mrs. Vernon Hawks and Mrs. Ivey.

ture "Sweethearts or Strangers." Pap and his Jug band will play "Done Gone." Mac McGar and his Grand Ole Opry band will play "Fisher's Horn Pipe." George Dewey Hay as the Solemn Old Judge will ence.

## ABIE'S IRISH ROSE

Everything has been set by father Solomon Levy for the wed- ding bells to ring out for his son, Abie and Rosie on the "Abie's Irish Rose," program Saturday, 8:00 p.m. But there's going to be a dampener on festivities. That's the day Rosemary's father, Patrick Murphy, plans to pay his daughter a surprise visit. Betty Winkler and Clayton Collier, Jr., play the romantic leads. Rosie and Abie and Alan Reed and Walter Kinsella play the Jewish and Irish fathers.

## RADEO BRIEFS

Having completed their fourth picture and being finally convinced that "prosperity is here to stay," several musicians in Kay Kyser's "College of Musical Knowledge" are buying homes in Holly- wood.

## FARM HOUR

A series of 12 special programs

relating to the drastic revision in farming operations made necessary by the war will be heard on the KDKA farm hour beginning next week.

The programs have just been recorded by Don Lerch, KDKA

farm director, at the Pennsylvania state college, and feature interviews with members of the college

faculty. Some of them are for

the specific purpose of answering

questions sent to KDKA by listeners

to the farm hour. Others, as

for example a talk on the danger

of incendiary bombs in wheat

fields, are concerned with the

problems of civilian defense in

rural areas.

\*\*\*

**Andre Kostelanetz**

recommends that present-day student compo-

ers be given a course in radio music.

In the future, when more music is written specifically for

broadcast purposes, says Kostel-

anetz, it will be essential to know the

technical potentialities of the

microphone.

\*\*\*

Other motorists might profitably follow Bob Garret's method of foiling tire thieves. When the rubber pinch was first felt the CBS newscaster had his license number burned in each side of his tires and outlined in white paint.

Director-Writer Ed Byron and his scripting sidekick, Jerry Mc-

GRAND OLE OPRY

The Southland's popular sing-  
ing trio, Jack Nap, Alcyone and  
Dee, and the McGee Brothers  
band will share guest spot billing

on the Grand Ole Opry program

Saturday, 9:30 p.m. The trio will  
sing "Sweet Kitty Wells," and  
"When It's Time for the Whippoorwill to Sing." The McGee

boys will play "Leather Britches,"

Roy Acuff will sing "Picture from

Life's Other Side." Velma, new-

est addition to the cast, will fea-

ture

**New 2 Slice  
Toastwell  
Automatic Pop-Out Type  
Toaster  
\$11.95**

A Toaster that's silent as a  
shadow . . . with stop watch  
accuracy.

The selective Pop-Out feature

automatically pops-out bread

when toasted or keeps toasted

bread warm until served.

Guaranteed one year.

# Kiwanis To Send Herald Carrier On Eastern Trip

Boy Selling Most Defense Stamps And Bonds Will Be Honored

GOVERNMENT COOPERATES

Youths From Other Cities Aiding In Campaign To Attend 'Congress'

Mound City Scene Of Big Undertaking Arranged

## MUSEUM BEING BUILT AT PARK

By A. C. Spetzagel

Through generosity of Albert C. Spetzagel, Chillicothe business man and a member of the board of trustees of The Ohio State Archaeological and Historical society, a museum is being constructed at Mound City state memorial. This announcement was made Friday by Henry C. Shetrone, director of the society.

Directors of the Kiwanis club at a meeting this week decided to accept the invitation of Kiwanis International to participate in the program. The local club will finance the trip of the youth to Philadelphia and back home. While he is in Philadelphia, Washington and New York his expenses will be paid by the government and by the Philadelphia newspaper.

Herald carriers have made a splendid record in stamp and bond sales, and the trip East is expected to be an added incentive to the youngsters to sell more stamps and bonds to help their government's war effort. The six month period through which newspaper carriers are permitted to sell stamps and bonds ends June 2, and the youth who has sold the highest total of stamps and bonds on that date will be designated as the local youth to receive the trip.

Kiwanis clubs throughout the nation are engaged in the program. More than 125,000 newspaper carriers are helping in the defense stamp sale, and to date they have disposed of more than 14,000,000 in stamps.

The Philadelphia Evening Bulletin will defray the cost of hotel accommodations and food for the boys during the National Newspaper Boys' Congress. A day will be spent in Washington at which time the boys will be guests of their senators and representatives. On their last day they will visit New York City.

IN 37TH DIVISION OBSERVE EASTER SEASON

WITH THE 37TH (OHIO) DIVISION, March 27—Soldiers of all religious denominations of the 37th (Ohio) Division will have the opportunity of observing the Easter season. Special services have been arranged, according to Lieutenant Colonel Frederick Kirker, division chaplain.

Sunrise services will be held at 6:30 Easter morning at the flagstaff in front of the commanding general's house. Division chaplains will conduct the services. Hymns, scripture reading and special prayers will be included in the program. The 145th Infantry band will provide the musical background.

Special services also have been arranged for Good Friday afternoon. All men, who wish to attend the services, will be released from duty. Services are scheduled between 12 noon and 3 p. m. on Good Friday.

Protestant services will be held in the regimental chapels on Good Friday, while Catholic services take the form of a united worship for all the Catholic soldiers of the 37th Division.

Catholic services on Easter morning will be held in each unit's regimental chapel, according to First Lieutenant (Father) Ferdinand Evans, Assistant Division chaplain.

Jewish soldiers, who have accrued furlough time, are being granted brief leaves in order that they may visit their families and home-towns for the Passover during Holy Week.

For those Jewish soldiers unable to go home, special cedar services will be held in camp and in nearby cities.

ATHENS SHERIFF DIES

ATHENS, March 27—Athens county Sheriff Charles W. Bayless died last night of a heart ailment. He was 50 years old and had been ill 11 days. Bayless, a Democrat, was elected to office in 1936 and reelected in 1940.

## MORE THAN 450 ATTEND ANNUAL MUSIC FESTIVAL

Pupils Of County Schools Offer Splendid Program At Perry Building

### CANTATA IS PRESENTED

Youthful Singers Join In Entertainment With Instrumentalists

Combining the efforts of more than 200 pupils, Pickaway county schools presented their annual Music Festival Thursday night in the Perry township high school auditorium.

More than 450 persons, including parents of boys and girls participating, school officials and music lovers gathered at the school to witness what is called the county schools' outstanding musical event of the year.

The county orchestra, directed by Fred E. Brobst, Ashville instrumental music instructor, included fifty members, each member chosen for his outstanding musical ability in his own school. Piano accompanists for the orchestra included Miss Lounell Finch of Scioto township school and Miss Joan Johnson of Walnut township.

Numbers played by the orchestra included a choral-fugue, "All Glory be to God on High" by Bach, "Easter Fantasia" by M. L. Lake, "Straussinla", waltz selections arranged by Seredy-Tocaben and selections from "Carmen" by Bizet, arranged by Seredy.

One hundred and sixty-seven voices made up the mixed chorus which sang the Easter cantata "Calvary." The chorus was under the direction of Glenn Uhl, vocal music instructor at Pickaway township school. Accompanists for the chorus were Miss Edna Thrasher, music instructor at New Holland and Mrs. Ernestine Hut-

### LANCASTER WILL BUY 250 PARKING METERS IN USE

LANCASTER, March 27—City officials have decided to buy 250 parking meters which have been installed here for the last several months on a trial basis. Their purchase will be financed with bonds. The contract for a six month trial ends in May.

### GENERAL CUMMINS TAKES COLUMBUS DEPOT OFFICE

COLUMBUS, March 27—Maj. Gen. Joseph M. Cummins, U. S. A., now in command of the Sixth corps area with headquarters at Chicago, has been assigned to command of the Army's Columbus general depot.

General Cummins will relieve Col. A. D. Warfield, who has been commander of the depot since December, 1940. Maj. Gen. George Gunter will relieve General Cummins at Chicago.

### INDUSTRIALISTS ASKED TO ATTEND STATE CONGRESS

R. C. Jones, safety engineer for the Division of Safety and Hygiene, industrial commission of Ohio, was in Circleville Thursday, contacting industrialists with a view of encouraging attendance at the thirteenth annual session of the all Ohio safety congress and exhibit, to be held at the Deshler-Wallick hotel, Columbus, April 14, 15 and 16.

Mr. Jones reports that employ-

ers generally are sympathetic to the movement and that many of them will send delegates to the annual meeting, if not for the entire three days, at least for the sessions in which the particular hazards of their industry will be discussed.

Grandpappy Jenkins says the looking at the world through rose-colored glasses can get you into trouble—when you can't distinguish between a red and a yellow traffic light.

# Kiwanis To Send Herald Carrier On Eastern Trip

Boy Selling Most Defense Stamps And Bonds Will Be Honored

GOVERNMENT COOPERATES

Youths From Other Cities Aiding In Campaign To Attend 'Congress'

Circleville Kiwanis club, in cooperation with the U. S. Treasury department and the Philadelphia, Pa., Evening Bulletin, will send a Daily Herald carrier to Philadelphia, Washington, D. C., and New York city in July as a reward for his work in selling Defense stamps and bonds.

Directors of the Kiwanis club at a meeting this week decided to accept the invitation of Kiwanis International to participate in the program. The local club will finance the trip of the youth to Philadelphia and back home. While he is in Philadelphia, Washington and New York his expenses will be paid by the government and by the Philadelphia newspaper.

Herald carriers have made a splendid record in stamp and bond sales, and the trip East is expected to be an added incentive to the youngsters to sell more stamps and bonds to help their government's war effort. The six month period through which newspaper carriers are permitted to sell stamps and bonds ends June 2, and the youth who has sold the highest total of stamps and bonds on that date will be designated as the local youth to receive the trip.

Kiwanis clubs throughout the nation are engaged in the program. More than 125,000 newspaper carriers are helping in the defense stamp sale, and to date they have disposed of more than \$14,000,000 in stamps.

The Philadelphia Evening Bulletin will defray the cost of hotel accommodations and food for the boys during the National Newspaper Boys' Congress. A day will be spent in Washington at which time the boys will be guests of editors and representatives. On their last day they will visit New York City.

IN 37TH DIVISION OBSERVE EASTER SEASON

WITH THE 37TH (OHIO) DIVISION, March 27—Soldiers of all religious denominations of the 37th (Ohio) Division will have the opportunity of observing the Easter season. Special services have been arranged, according to Lieutenant Colonel Frederick Kirker, division chaplain.

Sunrise services will be held at 6:30 Easter morning at the flagstaff in front of the commanding general's house. Division chaplains will conduct the services. Hymns, scripture reading and special prayers will be included in the program. The 145th Infantry band will provide the musical background.

Special services also have been arranged for Good Friday afternoon. All men, who wish to attend the services, will be released from duty. Services are scheduled between 12 noon and 3 p. m. on Good Friday.

Protestant services will be held in the regimental chapels on Good Friday, while Catholic services take the form of a united worship for all the Catholic soldiers of the 37th Division.

Catholic services on Easter morning will be held in each unit's regimental chapel, according to First Lieutenant (Father) Ferdinand Evans, Assistant Division chaplain.

Jewish soldiers, who have accrued furlough time, are being granted brief leaves in order that they may visit their families and home-towns for the Passover during Holy Week.

For those Jewish soldiers unable to go home, special sedan services will be held in camp and in near-by cities.

ATHENS SHERIFF DIES

ATHENS, March 27—Athens county Sheriff Charles W. Bayless died last night of a heart ailment. He was 50 years old and had been ill 11 days. Bayless, a Democrat, was elected to office in 1936 and reelected in 1940.

## MUSEUM BEING BUILT AT PARK

Mound City Scene Of Big Undertaking Arranged By A. C. Spetnagel

Through generosity of Albert C. Spetnagel, Chillicothe business man and a member of the board of trustees of The Ohio State Archaeological and Historical society, a museum is being constructed at Mound City state memorial. This announcement was made Friday by Henry C. Shetrone, director of the society.

A part of the shelter house at Mound City is being remodeled for use as a museum. Director Shetrone stated that the society believed for some time that a more complete story of the mound-builders should be told at Mound City. All three cultures of those early Ohioans—the Adena, the Hopewell, and the Fort Ancient—are represented in Ross county by important remains. Two of these cultures, the Adena and the Hopewell, received their names from works within the county.

Several Scouts of the American Legion troop received special awards at the court of honor. Harold Leist and Carl Olney were advanced to Second Class rank; Carl Jenkins was made a senior patrol leader and William Ebert became a junior assistant scoutmaster. Merit awards went to William Ebert and Carl Jenkins.
